

I listen to K-LOVE 100.7 FM in the Utica, NY area. I believe the K-LOVE radio stations are beneficial not only to me as an individual, but to the community as a whole. K-LOVE provides uplifting, encouraging music and community information such as local and national news and weather coverage. If the local K-LOVE station were to be replaced by an LPFM broadcaster, the replacement station would most assuredly not support the wholesome, encouraging content that is currently broadcast from the K-LOVE stations. Please consider allowing the local and national K-LOVE FM translators to remain in place. I believe that the K-LOVE stations provide services that are in the public interest, such as making the community aware of not-for-profit organizations and free community happenings. Thank you very much for your consideration. Sincerely, Seth J. Delconte
